

# IPW 2020

## International Probabilistic Workshop 2020

The International Probabilistic Workshop (IPW2020) will take place on September 23-25, 2020 at University of Minho, Guimarães, Portugal.

The workshop aims at providing an international forum for the debate on, among others, issues such as the resilience, robustness and redundancy of systems, risk assessment and management, climate change and loading uncertainties, novel decision-making frameworks, and many other topics related to the fundamentals and application of probabilities.

The Conference is thus targeted to attendees from different stakeholders, respectively, from academia to industry.

Guimarães is a cosy and lively UNESCO city, considered as the cradle of Portugal. Attendees will have the opportunity to increase their network through a set of social events. On behalf of IPW2020, we looking forward to welcoming you to Guimarães for this promising event.

## THEMES

- › Resilience, robustness and redundancy of systems;
- › Risk assessment and management;
- › Climate change and loading uncertainties;
- › Novel decision-making frameworks;
- › Fundamentals and application of probability theories.

## OBJECTIVES

- › Increase the knowledge on probability theory and corresponding applications;
- › Discuss the topics of resilience, robustness and redundancy of systems;
- › Propose new methodologies for assessment and management of risk;
- › Increase the knowledge on the surrounding environment, especially on how climate change may affect it;
- › Support different stakeholders through the use of advance tools on their decision process.

## ABOUT GUIMARÃES

Guimarães is considered the “Cradle of Portuguese nationality”, where the country was founded in the 12<sup>th</sup> century by King D. Afonso Henriques (1109-1185), Portugal’s first ruler. The city is famous for its architectural heritage, including many traditional buildings from the 15<sup>th</sup> to the 19<sup>th</sup> century, the food, popular traditions and handicrafts - features of great importance for attracting visitors to Guimarães.

Ducal Palace

## KEY DATES

Submission of abstracts: January 15, 2020

Notification of acceptance of abstract: February 15, 2020

Submission of full paper: April 15, 2020

Notification of acceptance of full paper: May 31, 2020

Deadline for presenting author registration: June 30, 2020

Worthwhile visits include: the historical centre, where its unique atmosphere of narrow streets and squares provides a meaning to the cultural heritage; the Ducal Palace, with its unusual roofs and 39 large brick chimneys; the medieval castle, where the Portuguese history began; the Monastery of Santa Maria da Costa and the Penha Sanctuary, with a beautiful landscape.

The conferences facilities in Guimarães are excellent and accommodation for the participants can be found in the city, at very reasonable prices. Participants can easily walk from the conference venue to the city centre and hotels.

## COMMITTEES

### Organizing Committee:

José C. Matos, UMinho, Portugal, Co-Chairman

Paulo B. Lourenço, UMinho, Portugal, Co-Chairman

Dirk Proske, Axpo Power AG, Switzerland, Co-Chairman

Jorge M. Branco, UMinho, Portugal

Hélder S. Sousa, UMinho, Portugal

### Scientific Committee:

Daniel V. Oliveira, UMinho, Portugal, President

Ângelo P. Teixeira, IST, Portugal, Vice-President

Laura Caldeira, LNEC, Portugal, Vice-President

Luís A. Ferreira, FEUP, Portugal, Vice-President

Rui A. Silva, UMinho, Portugal, Scientific Secretary
